BIOMEDICAL CAMPUS DMED

*CONNECTING EXPERTISE
GENERATING KNOWLEDGE
DRIVING INNOVATION*

An integrated project of the Department of Medicine

Biomedical Campus DMED 2026 is a coordinated program of seminars, educational activities, and scientific events that brings together basic research, translational research, technological innovation, and clinical practice within a single structured framework.

Mission

Promote tools and methodologies for internal scientific exchange

Foster interdisciplinary initiatives and project development

Coordinate and enhance scientific dissemination
